

# Schnellertollermeier

**Andi Schnellmann** – Bass

**Manuel Troller** – Guitar

**David Meier** – Drums

**Schnellertollermeier**, a young trio from Luzern, play music ranging between free improvisation, hardcore jazz and brute rock music; their style defies genre boundaries. They will play at The Twisted Pepper, Middle Abbey Street, Dublin, on Thursday, 18 June 2015.

**Body&Soul** is an arts & music festival where like-minded people come together for three days on the grounds of Ballinlough Castle in Co. Westmeath to explore and discover new music, interact with visual and performance art outside a traditional setting, and celebrate life in all its shapes and colors.

**Body&Soul** is an entire experience. Placed in an amazing setting with a 15 century walled garden, it showcases a brilliant line up, secret hideaways and glittering late night discos in the woodlands, an inspirational art trail, spoken word and debate, a magnificent masquerade ball, culinary feasts, steaming hot tubs and seaweed baths and much much more. It appeals to both fans of electronic music as to nature lovers, to families with young kids as to the 30 somethings that like the finer things in life, to foodies as to folkies, funksters as to late night revellers. **There is something at Body&Soul for everyone.** This year two Swiss group will feature in the line-up for the festival: **OY** and **Verveine**

The band **OY**, aka Swiss-Ghanaian vocalist & musician Joy Fermont and drummer & producer Lleluja-Ha: Their live show is a collection of colourful songs weaving OY's own strains of electronica, whirling drums and captivating and humorous storytelling, laced with distinctly African musical and lyrical elements.

The music of **Verveine**, a young artist from Vevey, may be loosely described as "Folktronica" with a dark twist.

## **SWISS NATIONAL DAY IRELAND**

A Reception on the occasion of Swiss National Day will be hosted by Ambassador Marie-Claude Meylan on **Thursday, 30<sup>th</sup> July 2015**. Invitations will be sent out closer to the date.
