

Travel for diplomats, embassy staff and their families

In cooperation with the Dutch & French Embassy in South Africa, Air France & KLM continue to plan repatriations flights. To secure seats for Embassy staff and their familiar on these flights, we created a dedicated desk to help with these requests. We will make available to Embassies only all flights planned. Until we communicate externally about these flights, booking will be done exclusively for Embassies.

Please be aware that in order to be accepted to fly to South Africa, the South African authorities (DIRCO/DHA) need to have cleared the passengers for entering the country. For Diplomats, embassy staff and their families, a NV needs to be submitted to DIRCO inform the authorities about their arrival to South Africa.

How to reserve seats:

Two of our agents are dedicated to accommodating the Embassy travellers. Renusha Singh and Desigan Padaychee will assist you with your requests. They are available on telephone Mon-Fri, 09.00-16:00 or via email.
